Expected results	success	error - date in past	success - first name and last should appear as Test C	success	page not submitted - please fill in date field	success	error - date, time stylist already exists	success	error - date in past	page not submitted - asks you to fill out both missing fields	success
Result	success	error - date in past	success - first name and last appeared as Test C	success	page not submitted - please fill in date field	success	error - date, time stylist already exists	success	error - date in past	page not submitted - asks you to fill out the first missing field, then when you	success

Note: tests should be performed in order ie. 1. Add booking, 2. Change booking, 3. Cancel booking

Manual testing - Test booking forms for:

1. check success messages are displaying across add/change/cancel forms
2. check error messages are displaying across add/change forms
3. check that a past date is not being submitted for add/change forms
4. check that forms are not being allowed to be submitted with empty fields in add/change forms
5. check that first name and last names capitalise upon submitting forms
6. check that the same combination of date/time/stylist is not being submitted twice
